

Show the output of the following program

```
public class Test {
    public static void main(String[] args) {
        xMethod(s);
    }

    public static void xMethod(int n) {
        if (n > 0) {
            xMethod(n - 1);
            System.out.print(n + " ");
        }
    }
}
```

xMethod(4) → 5
xMethod(3) → 4
xMethod(2) → 3
xMethod(1) → 2

1 2 3 4 5
